

# "HETEROTOPIAS. BOTEVGRAD - LESKOVAC" UNDER INTERREG-IPA CROSS-BORDER COOPERATION PROGRAM BULGARIA-SERBIA

## PROMOTIONAL CENTER

### Technical specification

#### PERGOLA

L 1500s m, B 35 cm, H 4 35 cm,

RK aluminum truss 6082-T6 ,  
Certified finished product - with certificate  
and CE, TUV, ISO9001

Assembly of ready-made elements  
of bolted connection  
base of the element square 35/35 cm

50 mm outer diameter main pipe  
30 mm diagonal fixation  
3 mm wall thickness

**Mandatory!** Measure out of place

#### DECKING

Courtyard area 227.50 square meters

L 64 m edging = 16br.H 4 m

L 676 m grill = 169pcs. x 4m

L 1632 m decking = 408 pcs. X 4 m

mounting elements for installation of  
wood on steel and wood on wood -  
stainless steel, powder coated, fitting with  
hidden heads of screws - of mounting  
system decking

timber first category  
according to Bulgarian Standards S427,  
FSC / PEFC certified,  
maximum humidity 12%

solid corrugated wood - Siberian larch,  
specific weight 850-870 kg / m3, including  
double underlayment

prefabricated wooden grille of  
impregnated smooth profile 60 / 60mm  
and fasteners / 1 sq.m. decking is installed  
with 3.5 l.m grill of underlay profile and 22  
screws /,

protective double-sided impregnation  
for exterior installation of the decking  
for preventive long-term protection from  
weathering, insects , fire  
and polyurethane coating  
for the base grill

 <p>Landscaping system on an installation wall</p>  <p>Landscaping system on a solid wall</p>	<p><b>SYSTEM</b> <b>VERTICAL LANDSCAPING</b></p> <p>Vertical landscaping system The weight of the system is <b>70-80 kg / sq.m</b> Area of the system <b>S 47sq.m</b> , of which system installation on an existing wall - <b>S 27sq.m</b> on an installation wall <b>S 20sq.m</b> area on a solid wall</p> <p>Plastic modules, dense installation metal profile for installation, drip irrigation hose for 47sq.m</p> <p>Automated irrigation system - programmer, valve, filter, etc. with water supply provided existing water supply network : - supply with water - From an existing outlet of a building water supply system in the courtyard - oh tvodnyavane system - in building sewerage in ext . yard</p> <p>Plants 80 pcs / sq.m Lonicera nitida , Heuchera (two or three flowers) and succulent vegetation.
